And there's no obligation or extra monthly fee.

# Ways to Pay

If you're new to Florida Blue for 2020, or if you're coming back to us after having a different plan in 2019, welcome to the Florida Blue family. There's one important step to take now so you can start using your benefits on January 1—make your first payment. After that, you'll get your member ID card in the mail and you'll be able to log in to your online member account at [floridablue.com](http://floridablue.com) and/or the Florida Blue mobile app. It can take several days to process your payment and get your member ID mailed out. If it's still processing on January 1 and you need medical care right away, there will be a few extra steps to verify your payment and coverage. It's best to pay now, so you don't have a delay in getting care when you need it in 2020.
